Fire Procedures

On discovering a fire

Make sure that your group leaves the building **IMMEDIATELY**, maintain silence and inform a member of staff.

Operate the nearest Fire Alarm point immediately (situated at each exit).

Ensure that the Fire Brigade is called by lifting external phone and dialling 999, or alerting a member of staff.

Attempt to extinguish with the nearest suitable fire appliance.

Do not attempt if the fire has reached such proportions as to endanger life or escape.

Vacate the building and do not re-enter until a Fire Officer gives a clearance.

On hearing the alarm

Close all doors and windows and proceed by the shortest available route to the assembly point which is at:

BICKNELLS CAR PARK – OPPOSITE THE CENTRE’S FRONT ENTRANCE

General points to remember

Only use the fire extinguisher to put out a small fire (such as a waste paper bin), or for self-protection.

NEVER try to put out a bigger fire – you can pass out after breathing only three lungfulls of smoke.

If you are in a room when there is a fire and can't get out, use an extinguisher for self-preservation. Smoke rises so breathe as closely to the ground as possible, or up against a wall.

There are three types of extinguishers in St Werburghs Community Centre:

TO USE EXTINGUISHERS, pull out the safety pin, point the nozzle at the base of the fire and squeeze levers.

With fire blankets, make sure you make a barrier between you and the burning object with the blanket, taking care to cover your hands and arms, and then carefully place the blanket over the burning object.

ALWAYS keep internal doors closed – never prop open. This will contain a fire. A fire can spread through a room in three minutes.

NEVER open a door to a room where you see a fire and/or smoke.

NEVER smoke in the building.
